## FAVOR BRICK STREETS

Special Committee to Report at Monday Night's Council Meeting

At a called session of the City Council Monday evening the Special Committee that visited Ashland, Huntington, Charleston and other cities made report of what they had seen in the shape of streets in those progressive towns; and it's fair to say they saw nothing the likes of ours.

They claim to have cornered the market so far as information goes, and are prepared to deliver the goods at the meeting of the Council next Monday evening.

Their report will favor brick streets, the work to begin at once,—or as soon as it is safe to venture on the present highways without scows.

The first thing to be determined is the method of payment; then comes the most important of all, the method of construction.

If the work is to be done by people who have no practical scientific experience in that line, it will be a useless waste of money.

If the work is to be done by people who are skilled in it, under the control of a Civil Engineer whose business is street building,—and there are such persons,—it will be the very best investment the property owners of Maysville ever made.

If you want to know what Pulajanes are, just ask Governor BECKHAM. He will point you to the Kentucky Senate.

THE Ohio House has passed a bill making it larceny for a Bank officer to overdraw his account in his Bank. What a fortunate thing that it doesn't extend to us poor devils whose "balances" are mostly on the right-hand page of the ledger.

GOVERNOR BECKHAM's extra session of the Legislature enabled the Honorable YOUNG and the Honorable DREWRY to "show off" in the lobby of the Capital Hotel. Epithets, fists and knives filled the air, and for a time it looked squally. When statesmen fall out, the monkey hunts a higher limb.

ECONOMY is a virtue much to be admired, even when practiced by lawmakers. One day last week it cost the Government \$1,150 to prevent the Committee on Appropriations raising the pay of one laborer, who weighs the coal that is used in the House of Representatives, from \$60 to \$70 per month. Three hours were wasted in talking over his increase, and finally refusing it. Assuming that members of Congress work seven hours a day, the figures quoted represent the sum they would receive, were they employed by the hour instead of by the year.

CONSISTENCY is a whole jewelry shop. People who argue for Home Enterprises ought themselves patronize Home Enterprises; and thank-ye jobs ought to be given to the fellow who gets the pay jobs.

THE "Reform" that is most needed, especially in Kentucky, is that which will prompt the individual to vote for a sensible business man rather than a scheming politician to represent him in the Legislature.

THE Department of Justice will take official notice of the lynching in Chattanooga, Tenn., of the Negro JOHNSON, in whose case the Supreme Court of the United States had granted the right of appeal, which acted as a stay of his execution. Steps have been taken by the Department looking to an investigation of the matter. The United States District Attorney for that section will be instructed to make a thorough investigation of the lynching, and if the facts obtained seem to warrant it, proceedings under the Federal statutes will be begun against the participants.

HOW SHE WON.

Bishop Olmstead of Colorado, in an address on perseverance, said:  
"Let me underscore this word 'perseverance' with an anecdote about a little girl I used to know."  
"This little girl, whose father was a Clergyman, laid abed one day with a bad cold, and in the afternoon, being bored, she decided that she wanted to see her father—to get him to tell her a fairy story, or something of that sort. But the father was busy."  
"He is writing his Sunday morning sermon," said the mother, "and he must not be disturbed."  
"But I want to see him badly," the little girl persisted.  
"No, dear," the mother repeated. "He is busy. We can't interrupt him."  
"The little girl, persevering, frowned. She glared at her mother, and, sitting up in bed, she said:  
"I am a sick woman, and I want to see my Minister." She saw him.

## A FOOLISH PLAN

It's a joy to eat—I welcome my dinner hour; Because I rout indigestion with August Flower!  
Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.  
"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."  
What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.  
August Flower gives new life to the liver and insures healthy stools.

If the tax of 1 1/2 cents per gallon on blended or rectified whisky, adopted by the extra session, is held to be constitutional, it will bring the state \$150,000 revenue yearly. Last year there was shipped out of Kentucky 10,600,000 proof gallons of this liquor, which is about 12,000,000 wine gallons, upon which the tax is laid. Peter Lee Atherton of Louisville, who represented the rectifiers, declared that the imposition of the tax adopted will drive all of the larger rectifiers out of the state into Ohio and Indiana.

## IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Alice Berryhill.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only.

Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

Dear Mrs. Pinkham:—

"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine that same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time.

"Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who to-day are as well and strong as I am from using your Vegetable Compound."

Just as surely as Mrs. Berryhill was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

If you are sick write Mrs. Pinkham for advice. It is free and always helpful.

HOME COMING WEEK.

The Directors of the Board of Trade, who were present at the meeting held yesterday afternoon, were quite enthusiastic in advocating "Home-Coming" for Mayville and Mason county.

The following Committee was appointed to outline the program, date and other details necessary to make the occasion a success: John J. Altmeyer, Thomas A. Davis, Dr. Thomas E. Pickett, Joseph H. Dodson and D. Hechinger. This Committee will meet this week, and their action will be reported to the Board of Trade meeting to be held at the Council Chamber Thursday evening, April 5th.

Messrs. J. Ed. Parker, Millard Merz and W. H. Means were appointed to audit the accounts of the Board of Trade for the past year.

The annual meeting of the Board of Trade will be held Thursday evening, April 5th, at 7:30 o'clock, in the Council Chamber. At this time, a Board of Directors for the ensuing year will be elected, and they in turn will elect the officers to serve twelve months.

Reports of condition of treasury and the work done during the past year will be submitted. Surely, the merchants who have been benefited by the organization will show their appreciation by being present.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## Turning Your Back on Opportunity

You have heard Joel Chandler Harris's story of the little chap who went rabbit hunting? He tramps all over searching everywhere for Br'er Rabbit, who had cunningly seated himself on the gun stock.

There's no need for you to hunt all over the country for your vehicle or harness. No reason for going to the "next town" or letting the catalogue houses delude you with cleverly-worded deception. Right here at home is to be found what you need—a stock suited in every particular to the requirements of this section, selected by one who knows our folk and their needs and sold at prices as low as can be obtained anywhere. COME IN.

### TELEPHONE REORGANIZATION

#### The Local Branch Will Make Many Needed Improvements

The Maysville Branch of the Central Home Telephone System will this spring greatly improve its lines, putting in a full cable service that will give very much better results to its subscribers and will give much greater capacity. They will also increase the number of subscribers and push the business to a position that will help all its old and new subscribers very much.

The owners of the local system, the Central Home Telephone Co. of Louisville, operates in the Central States, is capitalized at \$5,000,000 and is strictly an independent company—not one dollar of it belonging to the Bell people.

Such local men as Mr. Walter Matth w, Mr. S. H. Mitchell and Dr. Edwin Matthews are still in the business and will have charge of the local company, Dr. Matthews as General Manager.

### HUNTER—HOWELL.

The marriage of Miss Flora Vimont Hunter to Mr. Claves Harrison Howell of Keokuk, Iowa, occurred last evening at the home of the bride's parents, Dr. and Mrs. Alexander Hunter, at Washington.

At the opening chords of Mendelssohn's Wedding March, played by Miss Rains, the bridal party descended the stairway, led by Miss Mary Noyes, Maid of Honor. Mrs. Arthur Smedley Best, sister of the bride, Mrs. Elmer Downing, Misses Sallie Hunter, Mary Wood Taylor, Phoebe Forman, Louise Best and Frances Gault took their places on either side of the folding doors, forming an aisle in the hallway through which the bridal couple passed to the parlor, where they were met just within the room by Rev. W. T. Spears, who with an impressive ceremony made them one.

The bride was beautifully gowned in Brussels net and lace and carried Easter lilies.

The color scheme was green and white and the decorations Southern smilax.

The bride and groom left on the 10:46 C. and O. train en route for Florida.

### PUNY CHILDREN

Words of Interest to Every Mother in Maysville.

"Surely mothers are not to blame for that which they cannot help," said our well known druggist, Mr. John C. Pecor, during a recent interview, "but when we see so many thin, pale-faced and puny children on our streets we cannot help feeling that mothers are to blame, and we wish we could tell every mother in Maysville what Vinol will do for her children."

Vinol is not a patent medicine, but it contains in a highly concentrated form all the strength-creating and body-building elements of cod liver oil, actually taken from fresh cods' livers, without grease or oil. It does not upset the stomach like old-fashioned cod liver oil and emulsions, and its taste is so delicious that children love it.

Vinol strengthens the most delicate stomach, makes rich, red blood, builds strong bone structure, creates hard, firm flesh tissue and rosy cheeks, sturdy children are the inevitable result.

Mrs. Jennie Perse of Mansfield, Ohio, says that her little boy had over-studied and was so run down that he was a mere shadow. Vinol made him a strong, well boy in a remarkably short time.

Mr. John C. Pecor says: "For both children and adults Vinol is the greatest strength creator, a body-builder and health-reformer we have ever sold, and we will gladly refund the money paid for it in every case where it fails to give satisfaction." JOHN C. PECOR, Druggist.

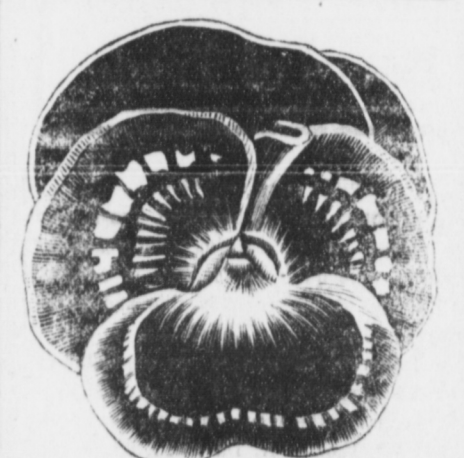

Mr. and Mrs. James T. Kackley are expected home today from Florida.

R. M. Wallingford has been appointed Administrator of John Chambers.

M. C. R. Company yesterday came dreadfully near breaking the record, taking in four carloads of goods.

Four firemen perished and about twenty firemen and citizens were injured in a fire which destroyed a factory in New York. The property loss is between \$300,000 and \$400,000.

There is nothing worse than an offensive breath. It comes from bad stomach and liver. Hollister's Rocky Mountain Tea cures all liver disorders and perfumes the breath. 35 cents, Tea or Tablets. J. J. Wood & Son.

### Latest News

A strike in the soft coal fields, involving 400,000 men and plunging America into the greatest industrial war the world has even known, is certain.

On April 1st, miners will walk out of the collieries, and the work in the fields will be stopped until operators or miners shall have won a victory that will go down in history. President John Mitchell of the Mineworkers delivered his ultimatum to the Joint State Committee of miners and operators. He declared there would be no further negotiations unless a material advance in wages was promised the miners. The operators declined positively to concede any advance, and the joint sessions of the scale committee came to an end.

### WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em'—yes—a wiggle, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder about the same length of a tape-worm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers." Chas. Blackstock, 1319 Divinity Place, West Philadelphia, Pa.

ANNUAL SALE, TEN MILLION BOXES

A bituminous strike would effect \$5,000 men in Eastern Pennsylvania, 10,000 in West Virginia mines, 38,000 in Ohio, 17,000 in Indiana, 60,000 in Illinois, 16,000 in Iowa, 3,000 in Michigan, 5,000 in Kentucky and 50,000 in the Southwestern States—Kansas, Missouri, Indian Territory, Arkansas and Texas.

Estimating the miner's average wages at \$425 a year, the miners loss in wages would reach \$2,500,000 a week. It is estimated the reduction of 5.55 in wages, accepted by the miners two years ago, reduced their annual wages \$18,000,000 or \$20,000,000 a year. This is what they desire to get back.

If the anthracite miners are unable to make a contract with their operators, and they, too, go on a strike, this will add 150,000 men and swell the total to 600,000 men.

The great 1902 anthracite strike was declared May 12th and ended October 23d. The estimated loss of receipts by the operators was \$46,100,000. The loss in wages to mine employees was \$25,000,000; there was a decrease in freight receipts of transportation companies amounting to \$28,000,000, and incidental losses added many millions more, bringing the aggregate loss far above \$100,000,000.

The miners at this time have approximately \$400,000 in their national treasury and have \$2,600,000 in district, subdistrict and local treasuries. There is a little over \$3,000,000 in cash available for a strike fund. The fully paid-up membership is 325,000 men. The per capita defense fund in all of these treasuries is a little less than \$10 to the man.

Next Sunday will be communion day at the Washington Presbyterian Church, and as it will be the last service of the kind that Rev. W. T. Spears will administer, it is hoped that a full attendance will be had.
